ARCHITECT: ARES LANDSCAPE ARCHITECTS

LANGLEY DESIGN
EXTERNAL FURNITURE SOLUTIONS

Eden Park High School is a mixed secondary school in Beckenham which opened in 2017. We worked with Bowmer & Kirkland on this £31.5 million project to manufacture and install a bespoke covered walkway and a large free standing external canopy. This huge covered walkway spans the whole width of the schools playground. It offers a large area of covered space for the pupils to get from building to building in inclement weather conditions. Langley Design utilised the Sheldon range of canopies to create a familiar feel across the site. The external canopy offers a huge 64m² covered area which the school use for outdoor learning and dining. The school were so pleased with our products that they ordered an identical unit for another part of the site a year later.
