

PEWSHAM CONCRETE BENCH WITH HARDWOOD IROKO TOP - PBN405

PBN405

Project Name:
The Bradfield Centre
Cambridge

SUPPLY
ONLY

Contractor:
SDC Builders

The Bradfield Centre is a brand new purpose built collaborative office space in the heart of the world famous Cambridge Science Park. Langley Design worked with SDC Builders to come up with a bespoke benching solution to compliment the surrounding areas. Our Pewsham concrete benches (PBN405) with timber slatted tops were the perfect solution for people to enjoy at break times.
