

LANGLEY SEAT

LST102

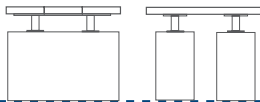

LST102/D-GG/TRC4/GL

NOTES

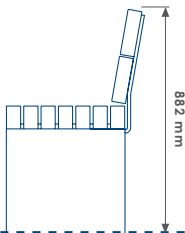

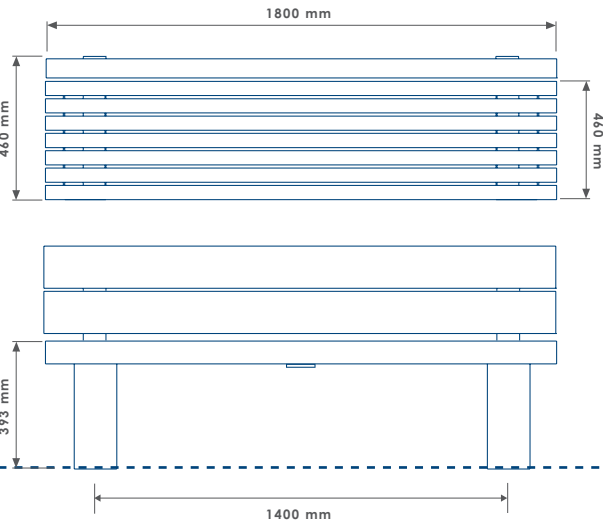

- Site Engineer to determine suitable fixing method.
- We recommend resin bonding all plinth mount furniture to finished grade (firm engineered surface).
- All products are made to order. This seat can be customized to have bespoke lengths and widths.
- Specify double back slat (DBS) if required. Single back slat supplied as standard.
- Armrests available as an optional extra.
